There was no word from the three strike-threatening unions whether they would run the trains for the government. They have called a strike for 6 a. m. (local railroad time) tomorrow.

The President signed a seizure order two minutes before 1 o'clock (EDT) in an effort to bar a strike. The order places operation of the trains under direction of the U. S. Army.

Mr. Truman appealed to all railroad workers to stay on their

passing through a very real crisis and in many instances has been found wanting," Prof. Wallace E. Fisher, a member of the faculty of the history department at Gettysburg college, declared in a Mother's Day address at the annual program commemorating this day held by Gettysburg Lodge No. 1045 of Elks Sunday night at the Elks home on York street.

"If there is one single key to the greatness that is America, it is the honor and deference that is paid in the American home to God's creation, 'mother.' But today the observance of Mother's Day is crudely marred by greedy commercialism flamboyant sentimentalism. Stripped of this sentimentalism today is the kind of a day that is a holy day. But this day in 1948 is shot through with starkest tragedy.'

The speaker said that the glory of motherhood, the honor of the father and the sanctity of the home have reached such a condition that even the state and the church have opened fire on the deterioration of these ideals, and such a man as Edgar Hoover is "scared" over the

You say Used Fats are still needed?

You bet they are, Mrs. Housewife. We wish we could whisper over your shoulder every time you cook . . . to scrape that pan, skim that stew, melt down those meat trimmings ... every trick you know, to get more fat. That's how serious this world-wide shortage of fats and oils is, according to government reports.

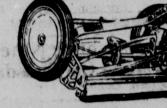

And You Get Paid For Them!

Used fats are the only kitchen "leftover" you can turn into cash . . . and cash is mighty handy these days of stiff food prices. So don't throw out even a few drops of used fats. Every bit, even what's left after you've reused your fats, is worth saving . . . to help your country, and to help you!

The arguments and warnings of the western powers were made public last night. Washington, London and Paris released the texts of similar notes which they had sent to Russia on the Berlin situation last Tuesday.

These notes advised the Soviet government directly for the first time that the three powers consider that (A) they are in Berlin by right, (B) they have the right of free access to the city and (C) they will not be forced out by threats or pressure.

In the words of the American note, which Secretary of State Marshall signed, the United States government "declares that it will not be induced by threats, pressures or other action to abandon these rights." Marshall then sought to clinch the point by adding: "It is hoped that the Soviet government entertains no doubts whatsoever on this point."

Maroons Take South Penn Track Title For 13th Time

some time, the Gettysburg high Fairfield Teams school lads copped their 13th title in 14 tries by nosing out Carlisle in the annual quadrangular meet here of several hundred fans.

The Maroons took five first places and piled up 49 points. Carlisle tabbed 44 points; Chambersburg, 35, and Hanover, 26.

No new records for the meet but Bill Kane, Chambersburg high speedster, tied the 100-yard dash mark of 10.1 seconds set in 1934 by Crawford Trostle of Gettysburg, and Gettysburg. Kane's feat was remarkable inasmuch as all sprints diamond. were straight into a strong westerly wind and on a slow track, the result of heavy rains last week.

One meet mark was set when Leroy Washington, Carlisle, threw the discus 136 feet, 9 inches, to break the record of 127 feet, 8 inches, set by "Pooney" Carter, Gettysburg, in

Kane also took the 220 and a anchor man on the 880-yard Trojar relay team, sped home in front after he had taken the baton as a thirdplace runner.

Bruce Westerdahl copped two first places for the locals, winning the 110-yard hurdles and broad jump, and finished second in the high

Bob Woodson captured the mile run for Gettysburg by forging into the lead in a well-paced stretch drive

Bob Hottle won the shotput while Paul Miller showed his heels to the other entries in copping the 440yard event.

The proteges of Coaches Forney and Haehnlen were awarded permanent possession of the Hanover Hardware company trophy for having won the meet title for three times. Medals were given the individual winners with ribbons to the second and third place lads.

The trophy was presented to the senior members of the Maroon squad by Dr. Lloyd C. Keefauver. Those receiving the award were Tom McGlaughlin, David Blocher, John Settle, Jack Settle, Tom Hemingway, Donald Groening and Donald Bollinger.

Despite the recents rains the field was in excellent condition due mostly to the work of the following lads who worked from 9 o'clock Saturday morning until the time of the meet: Paul Bucher, senior manager; James Nunemaker, junior; Charles Moritz, sophomore, and Jack Bartlett, freshman.

Coaches Forney and Haehnlen today expressed their appreciation to the officials who assisted in conducting the meet.

On Wednesday the Maroons meet Hanover in a duel meet at Hanover. The summaries:

ATHLETICS WIN DOUBLEHEADER LEAGUE FROM DETROIT

By JOE REICHLER

(Associated Press Sports Writer) This is kindly old Connie Mack's 86th year-his 64th in baseball-and .000 it promises to be one of his happiest. The venerable manager of the .000 patched-up Philadelphia Athletics,

who has experienced innumerable thrills in his 48 seasons as boss of the same club, must be having the time of his life watching his "castoff crew" make monkeys out of the so-called elite of the American lea-

Only a mathematical oddity keeps this much-abused outfit from occupying first place in the American league. After yesterday's double victory over the Detroit Tigers, 10-5 and 5-3, which boosted their winning streak to eight games, the possession of first place in the South Athletics actually lead the first Penn Baseball league Sunday after- place Cleveland Indians by a half noon by outslugging Gettysburg to game. The percentage table, however, shows the Indians in front by

Cards Take Lead Here is why. Cleveland, with its three safeties for the locals, J. Fiscel two triumphs over the Red Sox in Boston yesterday, 4-1 and 9-5, has won 10 games and lost four for a 15 hits to swamp Wenksville 12-1 in .714 percentage. The A's have won 12 and lost five for .706. The New York Heller and D. Allison each connected Yankees, in third place, have a 10-6 mark, a game and a half behind the Athletics, but only one game feating Bonneauville 5-2 at Bon- back of the leading Indians. The Yankees drubbed the Chicago White Sox, 8-0.

The St. Louis Cardinals moved inthe New York Giants by downing the Boston Braves, 6-4, while the Cubs were shutting out the Giants, 2-0, in Chicago.

Frank Shea held the White Sox hitless for six and two-thirds innings, to record his first shutout and second win. A single by Bob Kennedy ended Shea's dream of a nohitter. Charlie Keller, George Mc-Quinn, Billy Johnson and Tommy Henrich poled home runs for the

Pirates, Dodgers Divide Washington turned back the St. Louis Browns, 3-1, to move into

fourth place in the American league. The third place Pittsburgh Pirates remained a game off the pace in the National league by dividing a doubleheader with the Brooklyn Dodgers at Forbes field. The Dodgers won the opener, 14-2, as Pee Wee Reese knocked in six runs with three hits, including a grand slam homer. Ralph Kiner swatted his fourth and fifth round trippers to lead the Pirates to a 10-8 night- a twin bill against the Lancaster

The Philadelphia Phils clubbed the Reds twice in Cincinnati, 14-2 2 to 0. and 8-0, as Lefty Ken Heintzelman registered his second straight shut-

SHEER TRAVEL MAGIC

THIS is the Buick America's car I buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive*-where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal

ease by a toe-touch. What's Different About

DYNAFLOW DRIVE*? To an efficient new pump (left above), Buick

engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

Here you let your left foot idle comfortably wherever you wish -there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shiftno gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets-once your lever's set, you simply step on the gas-and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this
